Subject: EPA Meeting Request: Lane 5 Proposals
Copy of NEC Data Call Lane 5 List 05 08 17 With Private.xlsx

Byron,

CEQ is now taking the lead on finalizing the lane 5 suggestions. I would like to sit down with the subject matter experts you think would be most relevant and walk through OMB comments. I can bring my team to EPA if this allows for greater attendance from the appropriate folks.

I would like to do this as soon as possible. Preferably this week. I would schedule an hour for this one.

Give me a call to discuss

202-881-8207

Alex

Subject: Lane 5 Proposals

Good evening, everyone! Thank you all very much for your hard work and thoughtful ideas!

Attached is a spreadsheet showing all the lane 5 proposals that we felt fit within the Lane 5 bucket of the infrastructure initiative, and the ideas that we identified as potentially wanting to pursue. The agency recommendations are included in the Lane 5 Agency Tab. There is also a Tab identifying ideas we have

received from outside parties that fall within the Lane 5 bucket. The lists identified in these tabs do not represent an Administration legislative position. Rather, the tabs are drafts of all the Lane 5 ideas we would like to explore further.

The spreadsheet includes a column for Agency Comments. Please review the ideas in the tabs and insert any comments you may have in the appropriate space. If you have comments, please reply to me by COB Friday. We will look to schedule agency specific meetings for next week.

Note that this is still a working process: if you have more ideas or recommendations that you would like to include, please continue to send them in.

Thanks,

Michael
